Who We Are

How Can Dawsongroup tcs Support Your Business?

When space is limited and compliance is critical, your business can't afford to stand still.

Imagine having fast, affordable solutions that give you the freedom to move and grow without compromise.

That's the power of Dawsongroup tcs.

About Dawsongroup

Dawsongroup is a community of industry-leading business-to-business asset hire and funding companies. The Group provides specialist commercial vehicles and temperature-controlled solutions, and our assets represent over 30,000 supply chain links across every market.

Dawsongroup tcs, a subsidiary of Dawsongroup, was founded in 1990 to provide the market with high-quality, hireable, modular, and configurable temperature control solutions.

We emphasize **space optimization, seamless movement, and streamlined processes** to empower business operations and opportunities without extensive lead times or heavy capital investment. Our Smarter Asset Strategy offers the right solution for your needs without risking capital.

We remain at the forefront of innovation, ensuring our customers maintain agility in an ever-changing marketplace.

Dawsongroup tcs

Why Dawsongroup tcs?

At Dawsongroup tcs, we're your strategic partners. We develop an in-depth understanding of your needs and challenges through our assessments, conversations, and site visits. Our industry expertise and consultative approach are key to designing systems tailored to your business.

Our solutions deliver short- and long-term cost savings, operational improvements, refined temperature consistency, enhanced labor efficiency, stock rotation, and improved logistics process flow.

Operational Across the Globe

Dawsongroup tcs is continuously adapting and evolving our offerings to meet the ever-changing needs of the global supply chain, helping businesses thrive in an increasingly competitive landscape.

Our extensive network spans the United States, UK, Europe, and New Zealand providing localized support and expertise around the globe, guaranteeing that each solution aligns with regional regulations and market demands.

Polar°store Cold Rooms

Dawsongroup tcs introduces its simplest cold storage product: the Polar°store cold rooms, available for rent or sale anywhere in the world. With an interior temperature range of -40°F to 113°F (-40°C to 45°C), this cold room can operate as a single unit or be built into a modular solution.

Bespoke Needs

Our cold rooms are in standard layouts with a 70/30 entrance at one end, and a single fridge at the other. If you have a more bespoke request, we can easily accommodate these, including:

Single or multi-side access

General Specifications

Cold Store		
Model Number	Container Size	Operation change
PS2096	20ft (6m) HC	-40°F to 113°F (-40°C to 45°C)
PS4096	40ft (12m) HC	-40°F to 113°F (-40°C to 45°C)
